

PROMOTING ACCESS TO HEALTH CARE AND COVERAGE DURING A PUBLIC HEALTH CRISIS:

COVID-19–Related Changes in Massachusetts Affecting MassHealth, Health Connector Programs, and the Health Safety Net

LAST UPDATED: DECEMBER 15, 2020

The state of Massachusetts, with support from the federal government, has implemented several policy and programmatic changes intended to promote access to health care services and health insurance coverage during the COVID-19 pandemic. This table is intended to serve as a centralized resource that documents and describes the policy, regulatory, and administrative actions pertaining to MassHealth, the state Medicaid program¹; the Health Connector, the state's insurance marketplace; and the Health Safety Net (HSN), which pays for certain medically necessary services that qualified low-income patients receive at Massachusetts community health centers (CHCs) and acute care hospitals, and that directly impact access to care and coverage for consumers who are eligible for these programs. Since policies and programs are changing frequently in the current environment, this resource will be regularly updated.

Explore the policy and programmatic changes by category:

- [Coverage of COVID-19 Testing and Treatment](#)
- [MassHealth: Eligibility](#)
- [MassHealth: Appeals](#)
- [MassHealth: Access to Benefits](#)
- [Health Connector Programs](#)
- [Health Safety Net: Eligibility](#)
- [Health Safety Net: Access to Services](#)
- [Office Closures](#)
- [Miscellaneous](#)

¹ This document refers to several specific coverage types within the MassHealth program, including MassHealth CommonHealth, MassHealth Standard, MassHealth Limited, among others. These coverage types have different eligibility criteria and include different benefits. For more information on these coverage types, eligibility criteria, and covered services, please see www.mass.gov/service-details/masshealth-coverage-types-for-individuals-and-families-including-people-with.

CHANGE	EFFECTIVE DATE ²	SOURCE
COVERAGE OF COVID-19 TESTING AND TREATMENT		
<p>MassHealth: All testing for COVID-19 and treatment and (when available) prevention services for the disease are covered by MassHealth with no cost sharing. These are considered emergency services for purposes of MassHealth Limited, which covers only emergency services.</p>	<p>March 10 – end of MA state emergency</p>	<ul style="list-style-type: none"> • MassHealth All Provider Bulletins: 289 and 292 • MassHealth Managed Care Entity Bulletin: 21
<p>Health Connector Programs: All testing for COVID-19 and treatment and (when available) prevention services for the disease are covered by all health plans offered through the Health Connector, including all ConnectorCare plans,³ with no cost sharing.</p>	<p>March 6 – end date not specified</p>	<ul style="list-style-type: none"> • Health Connector FAQs • DOI Bulletin 2020-02 • DOI Bulletin 2020-13
<p>Federal Program for the Uninsured: The federal government will cover the cost of COVID-19 testing and treatment and a vaccine (when available) with no cost-sharing for uninsured people in the United States. There is no limitation based on state residency, immigration status, or income. This includes people with only the Health Safety Net (HSN); only Children’s Medical Security Program (CMSP); or only CMSP and HSN.</p>	<p>Starting May 6, claims may be submitted for the costs of testing and treatment provided on or after February 4, 2020 – end date not specified</p>	<ul style="list-style-type: none"> • MassHealth All Provider Bulletin: 292 • HRSA COVID Uninsured Program Information • HSN, Uninsured, & MassHealth Limited COVID-19 Testing and Treatment FAQ

² The “effective date” column shows when a change took effect and how long it will remain in effect according to one or more of the sources shown in the “source” column. Because MassHealth and the Health Connector are making these changes as quickly as possible to respond to the pandemic and to related federal policy changes, some effective dates are not yet specified in preliminary sources. Most changes are tied to either the [state emergency](#) declared by Governor Baker on March 10, 2020, or to the national emergency declarations. At the national level, Alex Azar, the Secretary of Health and Human Services, declared a [public health emergency](#) effective January 27, 2020, and the President declared national emergencies under the [Stafford Act](#) and the [National Emergencies Act](#) on March 13, 2020. However, because the environment is fast changing, we anticipate that many of the end dates listed in this column will change as federal and state policymakers address the transition from the emergency period and evaluate the continued need for these new policies to remain in effect. For example, in some of its [All Provider Bulletins](#), MassHealth describes the changes as being in effect during the state emergency but adds that it will evaluate the continued need for those changes when the state emergency expires, and will make adjustments as necessary.

³ ConnectorCare plans are available through the Health Connector to eligible individuals with income up to 300% of the federal poverty level. These plans incorporate the federally financed advance premium tax credit as well as state subsidies toward premiums and cost sharing.

CHANGE	EFFECTIVE DATE ²	SOURCE
<p>Health Safety Net: Prior to the creation of the Federal Program for the Uninsured (above), MassHealth announced that HSN will cover COVID-19 testing and treatment for HSN patients if these are provided by a hospital or CHC. However, HSN is the payer of last resort, and HSN providers are now directed to first bill the new Federal Program for the Uninsured.</p>	<p>March 12 – end of MA state emergency</p>	<ul style="list-style-type: none"> • EOHHS Administrative Bulletin: 20-09 • 3/18 Assister Updates • MassHealth All Provider Bulletin: 292 • HSN, Uninsured, & MassHealth Limited COVID-19 Testing and Treatment FAQ
<p>COVID-19 Test Site Locator: Website provides COVID-19 testing site location information, including where and how to get tested, as well as which testing sites accept MassHealth, test the uninsured for free, and more.</p>		<ul style="list-style-type: none"> • COVID-19 Test Site Locator
<p>MASSHEALTH: ELIGIBILITY⁴</p>		
<p>Protection from Loss of Coverage: MassHealth members⁵, enrolled as of March 18 or later, will not lose coverage or have a decrease in benefits for any reason other than moving out of state. This means MassHealth members will remain in the same eligibility coverage group despite circumstances that would otherwise mean a loss of coverage or a change to a type of coverage offering fewer benefits.</p>	<p>March 18 – end of the month that the national emergency ends</p>	<ul style="list-style-type: none"> • MassHealth COVID-19 FAQ • Eligibility Operations Memo: 02-09 • CMS Families First Act FAQ: B. 6-13 • CMS CARES Act and Families First Act FAQ: F. 22-35

⁵ Individuals receiving separate CHIP benefits (non-Medicaid CHIP coverage) are not included in this protection from loss of coverage during the public health national emergency. Source: [MassHealth Eligibility Flexibilities for COVID-19 \(August 2020\)](#).

CHANGE	EFFECTIVE DATE ²	SOURCE
<p>Most Annual Renewals Postponed: Due to the COVID-19 protection from loss of coverage, MassHealth suspended annual renewals after March 18. In late July, MassHealth resumed renewals for members turning 65 in order to account for the Medicare coverage that will begin for most of them at age 65. Updated information collected through the renewal process will enable some of these individuals to qualify for help paying their Medicare Part B premium or upgrading from MassHealth CarePlus to MassHealth Standard. Those who do not qualify for more comprehensive coverage will remain protected in their current MassHealth coverage whether or not they return the renewal form during the COVID-19 public health national emergency.</p>	<p>March 18-until further notice</p> <p>Late July (Renewals resumed for members turning 65)</p>	<ul style="list-style-type: none"> • MA Health Care Training Forum (MTF) Update on MassHealth Renewals for Individuals Turning 65 (July 2020 – slides 35-37)
<p>Protection from More Restrictive Eligibility Standards: MassHealth will not implement new restrictions on eligibility rules or increases in premium rates from those in effect January 1, 2020.</p>	<p>March 18 – end of the month that the national emergency ends</p>	<ul style="list-style-type: none"> • CMS Families First Act FAQ: B.2-3
<p>Proving Facts by a Sworn Statement from the Applicant or Member (i.e., Self-Attestation): In making eligibility decisions, MassHealth will accept a sworn statement to prove a fact or information that ordinarily would require proof from a document like a bank statement or medical record. The applicant or member can supply a sworn statement in writing or can make the sworn statement over the telephone to MassHealth Customer Service at 800-841-2900. This new process does not apply to proof of U.S. citizenship or an eligible immigration status.</p>	<p>April 7 – end of the month that the national emergency ends</p>	<ul style="list-style-type: none"> • Eligibility Operations Memo: 02-09 • MTF Update on Self-Attestation • Written Self-Attestation Form

CHANGE	EFFECTIVE DATE ²	SOURCE
<p>Making a Sworn Statement for Someone Else: Individuals authorized to complete an application for someone else under current rules about “authorized representatives” can also now make a sworn statement to MassHealth as proof of a fact on behalf of someone else. This includes people designated by the applicant and those granted authority by a court, like legal guardians.</p>	<p>April 7 – end of the month that the national emergency ends</p>	<ul style="list-style-type: none"> • MassHealth Self-Attestation Form (page 2) • Authorized Representative Designation Form
<p>Proving Disability: Individuals required to prove they are disabled as a condition of eligibility may now do so through a sworn statement over the telephone to the Disability Evaluation Services at 833-517-0250. This process is not available for proving the level of care required to qualify for nursing home care or community-based alternatives to nursing home care.</p>	<p>April 7 – end of the month that the national emergency ends</p>	<ul style="list-style-type: none"> • MTF Update on Self-Attestation

CHANGE	EFFECTIVE DATE ²	SOURCE
<p>Hardship Waiver for Deductibles⁶: Under existing rules, elderly (age 65+) or disabled adults who do not qualify for MassHealth because their income is too high may become eligible <i>after</i> they have incurred medical costs that exceed a certain amount (this is referred to as a deductible or spend down). The waiver enabled these individuals to qualify for MassHealth without incurring medical costs by obtaining a temporary waiver of the deductible based on financial hardship.</p> <p>The temporary waiver that applies to the one-time deductible for disabled adults under age 65 to qualify for MassHealth CommonHealth remains in place at this time. However, the temporary waiver that applies to the recurring six month deductibles for the elderly and people needing nursing home care or alternatives to nursing home care to qualify for MassHealth Standard ended on August 21.</p>	<p>Available as of April 30</p> <p>August 21 (Deductible waiver for MassHealth Standard ended)</p> <p>Once a waiver is granted, coverage will be provided for the duration of the individual's six-month deductible period, or for the duration of the national emergency and for one month after the national emergency period ends, whichever is later.</p>	<ul style="list-style-type: none"> • August 21 MTF Update on Changes to the Temporary Hardship Waiver of MassHealth Income Deductible • Deductible Hardship Waiver Application Form • May 8 MTF Update on Deductible Waiver • MassHealth Eligibility Flexibilities for COVID-19 (August 2020)
<p>More Flexibility Granting Premium Waivers Based on Hardship: MassHealth will approve all requests for waivers of past due and/or ongoing premiums based on financial hardship. Applicants for a hardship waiver, including those whose coverage was terminated before March 18 for not paying premiums and who are seeking reinstatement of their coverage, can apply for a waiver by telephone to MassHealth Customer Service at 800-841-2900 or by submitting a form.</p>	<p>April 7 – end of the month that the national emergency ends</p>	<ul style="list-style-type: none"> • Eligibility Operations Memo: 02-09 • Hardship waiver application form • MassHealth Eligibility Flexibilities for COVID-19 (August 2020)

⁶ As of August 21, 2020, MassHealth implemented the deductible waiver in anticipation of CMS approval. However, CMS notified the agency in August that it will not approve the deductible waiver for MassHealth Standard. Awaiting information from MassHealth concerning what this means for those with MassHealth Standard approved for a waiver to date. CMS has not yet made a decision on the CommonHealth deductible waiver, which remains in place at this time.

CHANGE	EFFECTIVE DATE ²	SOURCE
<p>Retroactive Eligibility Period Increased to 90 Days: For individuals under age 65, the normal 10-day retroactive coverage period will still apply automatically, and, in addition, they may request coverage going back to as early as the first day of the third calendar month before the month of application, but no earlier than March 1, 2020, in order to pay back bills. Members will not be retroactively enrolled in managed care. (Individuals age 65 or older or in need of nursing facility care normally have the right to 90 days retroactive coverage on request).</p>	<p>Starting with applications submitted on March 1 or later – end date not specified</p>	<ul style="list-style-type: none"> • MassHealth Eligibility Flexibilities for COVID-19 (August 2020)
<p>Additional \$600/Week and \$300/Week Unemployment Insurance (UI) Benefit Will Not Count as Current Monthly Income: MassHealth did not count the additional \$600 per week payment for UI recipients as income because the federal CARES Act specifically excludes it from counting as income for purposes of Medicaid eligibility. Similarly, MassHealth did not count the additional \$300 per week in UI disaster relief payments funded by the Federal Emergency Management Administration (FEMA) and known as “Lost Wage Assistance” as income. MassHealth counts all other forms of UI benefits as income.</p>	<p>The additional \$600 per week was payable for the weeks from March 29 to July 25, 2020</p> <p>The additional \$300 per week was payable for the weeks from August 1 to September 5, 2020</p>	<ul style="list-style-type: none"> • MassHealth COVID-19 FAQ (on payments from the stimulus package and unemployment) • Tips for Reporting Income Changes due to COVID-19 (5-13-20) • CMS CARES Act and Families First Act FAQ and § 2104(h) of the CARES Act • FEMA Supplemental Lost Wages FAQ (August 2020) • 42 USC 5155(d) (disaster assistance not income in federal means-tested benefits)
<p>Internal Revenue Service Recovery Rebate Will Not Count as Income: MassHealth will not count the one-time stimulus rebate from the IRS (authorized by the CARES Act) as income and will not count it as an asset for 12 months.</p>	<p>The rebates are payable in advance through December 31, 2020, or when 2020 tax returns are filed</p>	<ul style="list-style-type: none"> • MassHealth COVID-19 FAQ (on payments from the stimulus package) • Tips for Reporting Income Changes due to COVID-19 (5-13-20) • CMS CARES Act and Families First Act FAQ and 26 U.S.C § 6409

CHANGE	EFFECTIVE DATE ²	SOURCE
<p>Allowing Hospitals to Make Presumptive Eligibility Decisions in Additional Situations: Hospital presumptive eligibility (HPE)⁷ enables participating hospitals to use a simplified process to make an eligibility determination for immediate, temporary MassHealth coverage for certain people, who at the time, are unable to complete a full application.</p> <p>MassHealth rules do not allow for use of this process for people who have already used it in the past 12 months; who enrolled in MassHealth in the past 12 months; or whose eligibility is based on their being age 65+. However, MassHealth is now permitting individuals to use HPE twice in a 12-month period. MassHealth also extended this flexibility to the elderly (65+) with income equal to or less than 100% of the federal poverty level and countable assets of \$2,000 or less for an individual or \$3,000 or less for a couple.</p>	<p>March 10 – June 29, 2020 (fully suspending 12-month limitations)</p> <p>May 15 (available to the elderly)</p> <p>June 30 (limiting HPE to twice in a 12-month period) through end of national emergency</p>	<ul style="list-style-type: none"> • MassHealth All Provider Bulletin: 299 (superseding 295) • Eligibility Operations Memo: 20-13 (superseding 20-10)

⁷ Recently, CMS notified MassHealth that the COVID-19 protection from loss of MassHealth coverage (described previously in the [Eligibility section](#)) could not be extended to people receiving MassHealth benefits as a result of HPE, as MassHealth initially intended. Therefore, individuals determined eligible through HPE for MassHealth benefits during the COVID-19 emergency will no longer be protected from loss of HPE coverage through the end of the national emergency and will need to comply with existing HPE rules and complete a full MassHealth application in order to maintain their coverage. HPE coverage ends on the last day of the month following the month HPE was approved *unless* a full MassHealth application is filed by then. If an application is filed by that end date, HPE coverage will continue until MassHealth makes an eligibility determination on the full application. For people who received HPE during the national emergency and *before* June 30, 2020, their HPE benefit will continue until July 31, 2020, at which point they must submit a full MassHealth application if they want to continue coverage. For those who received HPE on or after June 30, 2020, the standard HPE coverage duration rules apply.

CHANGE	EFFECTIVE DATE ²	SOURCE
<p>Home & Community Based Services (HCBS) Expanded Eligibility: MassHealth operates ten HCBS waivers all of which offer enhanced services in the community to certain individuals who would otherwise require long term institutional care. MassHealth eliminated the 90-day minimum stay requirement in the Moving Forward Plan (MFP)⁸ waivers and certain other HCBS waivers that target individuals currently in institutional care. MassHealth also raised the upper age limit for the Children's Autism Spectrum Disorder waiver from under age 9 to under age 10. For all ten waivers, level of care assessments may be conducted by telephone or live video and annual re-assessments may be postponed for up to a year.</p>	<p>March 1, 2020 – February 28, 2021</p>	<ul style="list-style-type: none"> • CMS Approval of Appendix K (April 2020) • Appendix K - Emergency Preparedness and Response and COVID-19 Addendum (April Amendments)
MASSHEALTH: APPEALS		
<p>Lengthening the Appeal Period to 120 Days: MassHealth members now have 120 days instead of 30 to appeal any decision denying, reducing, or terminating their MassHealth coverage or services.</p>	<p>April 7 – end of the month that the national emergency ends</p>	<ul style="list-style-type: none"> • Eligibility Operations Memo: 02-09 • 3/26/20 CMS Approval of 1st 1135 waiver request
<p>Telephone Hearings: All appeal hearings will be by telephone instead of in person.</p>	<p>April 7 – end of the month that the national emergency ends</p>	<ul style="list-style-type: none"> • MassHealth COVID-19 FAQs • Eligibility Operations Memo: 02-09

⁸ Moving Forward Plan (MFP) waivers are HCBS waivers designed to help MassHealth-eligible individuals move from a nursing facility or chronic disease, rehabilitation, or psychiatric hospital back to their community. The MFP waivers help by making the move from the facility to the community easier and by providing community-based services.

HEALTH CONNECTOR PROGRAMS		
<p>Health Connector Temporarily Limited Certain Adverse Actions: In March 2020, the Health Connector stopped terminating coverage or reducing the level of help paying for health insurance for its members if they fail to respond to a Request for Information.</p> <p>The Health Connector rolled back this protection in preparation for the 2021 Open Enrollment period. In late July/early August 2020, the Health Connector sent new RFIs to members who were previously sent RFIs and didn't respond, but were protected under this COVID-19 policy. Those members had an additional 30 days to respond to the new RFIs. If the member did not respond, the Health Connector made a decision based on the data available or terminated coverage if no data was available in accordance with its pre-COVID-19 policies.</p> <p>MassHealth members in the same household remain protected in their current coverage by MassHealth.</p>	<p>March 15 – Late July/early August 2020</p>	<ul style="list-style-type: none"> • 3-27-20 Assister Update • Update for MA Health Training Forum (4-28-20) • Health Connector MTF Presentation (7-20-20)
<p>April Terminations Delayed: The Health Connector delayed ending coverage based on nonpayment of premiums that were scheduled for April 1, to enable members to apply for a premium deferral program.</p>	<p>April 17 was the last day to apply for the deferral program</p>	<ul style="list-style-type: none"> • 4-2-10 Assister Update
<p>Premium Hardship Waivers Available for COVID-19–Related Hardship: The Health Connector has revised its application form for ConnectorCare enrollees requesting a hardship waiver or reduction of current or past due premiums. The form now includes a waiver for hardship based on a large increase in essential expenses in the past six months due to the COVID-19 pandemic.</p>	<p>Ongoing</p>	<ul style="list-style-type: none"> • Premium Payment Help Options • Premium Waiver or Reduction Application Form

CHANGE	EFFECTIVE DATE ²	SOURCE
<p>Health Connector Special Enrollment Period: Normally, applicants can only enroll in health insurance through the Health Connector during the annual open enrollment period (which ended for 2020 on January 23; and at any time of year if they are newly eligible for ConnectorCare (available to people with incomes of 300% of the federal poverty level or less); or if they experience another “qualifying event” such as loss of coverage due to job loss. However, in response to the COVID-19 pandemic, the Connector created a special enrollment period where any uninsured individual could apply to enroll in coverage through July 23, 2020, even without a qualifying event. The Division of Insurance created a parallel Special Enrollment Period in the individual market through July 23, 2020.</p>	<p>March 11 – July 23, 2020</p>	<ul style="list-style-type: none"> • Health Connector Website • Health Connector Administrative Bulletin 02-20 and 03-20 • Division of Insurance Bulletin 2020-03 • Division of Insurance Bulletin 2020-18 • Health Connector Administrative Bulletin 04-20 • Health Connector Administrative Bulletin 06-20 • Division of Insurance Bulletin 2020-20
<p>Accelerated Effective Date for Increased Subsidies: For existing enrollees who report a drop in income after the 23rd of the month, the Health Connector had made those changes effective as of the first of the following month. However, after July 23, 2020, the Health Connector returned to its standard rule where changes in income reported after the 23rd of the month become effective on the first day of the <i>second</i> month following the reported change.</p>	<p>March 24 – July 23, 2020</p>	<ul style="list-style-type: none"> • Health Connector Board Meeting Presentation: Coverage Protection and Expansion During the COVID-19 Pandemic (May 2020) • Health Connector MTF Presentation (7-20-20)
<p>Informational Resources for the Newly Unemployed: The Health Connector has resources in English, Spanish, Portuguese, and Mandarin Chinese for those who have lost health insurance that they had through their job.</p>		<ul style="list-style-type: none"> • 3-27-20 Assister Update • Update for MA Health Training Forum (4-28-20)

CHANGE	EFFECTIVE DATE ²	SOURCE
<p>IRS Recovery Rebate Will Not Affect ConnectorCare Eligibility or Amount of Premium Tax Credit: The Health Connector will not count the one-time stimulus payment from the IRS (authorized by the CARES Act) as income.</p>	<p>The rebates are payable in advance through December 31, 2020, or when 2020 taxes are filed</p>	<ul style="list-style-type: none"> • 26 U.S.C. 6409 • Tips for Reporting Income Changes due to COVID-19 (5-13-20) • Health Connector FAQ
<p>All Unemployment Benefits—including Additional \$600/Week and additional \$300/Week—Will Be Counted as Income: The Health Connector must count the additional \$600 per week payment for unemployment insurance recipients (authorized by the CARES Act) as income, as well the additional \$300 per week in UI disaster relief payments funded by FEMA, known as “Lost Wage Assistance.” This differs from MassHealth, which does not count the additional \$600/week or \$300/week payments as income.</p>	<p>The additional \$600 per week was payable for the weeks from March 29 to July 25, 2020</p> <p>The additional \$300 per week was payable for the weeks from August 1 to September 5, 2020</p>	<ul style="list-style-type: none"> • Tips for Reporting Income Changes due to COVID-19 (5-13-20) • Update for MA Health Training Forum (4-28-20) • Health Connector COVID-19 Updates - FAQs

<p>Protection from Loss of HSN: As of March 18 or later, reimbursement for HSN patients will not be terminated for any reason other than moving out of state.</p>	<p>March 18 – end of the month that the national emergency ends</p>	<ul style="list-style-type: none"> • MassHealth Eligibility Flexibilities for COVID-19 (August 2020)

⁹ The Health Safety Net reimburses community health centers and acute care hospitals for health services they provide to eligible low-income uninsured and underinsured patients.

CHANGE	EFFECTIVE DATE ²	SOURCE
<p>HSN Presumptive Eligibility: Under ordinary rules, HSN presumptive determination is not available to individuals who have already received a presumptive determination in the past 12 months. Now, individuals can receive a presumptive determination twice in a 12 month period.¹⁰</p>	<p>March 12 – end of MA state emergency (suspending 12-month limitation)</p> <p>August 1 – end of MA state emergency (limiting presumptive eligibility to twice in a 12-month period)</p>	<ul style="list-style-type: none"> • EOHHS Administrative Bulletin: 20-76 (superseding 20-09)
<p>HSN Eligibility: Under the ordinary rules, HSN will only pay for medical services for ConnectorCare-eligible patients for a limited time, whether or not they enroll in ConnectorCare. The new temporary policy authorizes HSN payments for medical services to patients who are eligible but not enrolled in ConnectorCare and whose time-limited HSN medical had not expired prior to March 12, 2020.</p>	<p>For dates of service starting on March 12 – end of MA state emergency</p>	<ul style="list-style-type: none"> • EOHHS Administrative Bulletin: 20-09 • MTF April 2020 Meeting Q&A
<p>HSN Deductible Waiver: Under the ordinary rules, HSN patients with income above 150% of the federal poverty level must meet a deductible before HSN will pay for their services. The deductible is now waived. HSN will pay the full cost of covered services.</p>	<p>March 12 – end of MA state emergency</p>	<ul style="list-style-type: none"> • EOHHS Administrative Bulletin: 20-76 (superseding 20-09) • MTF April 2020 Meeting Q&A
<p>Additional \$600 per Week Unemployment Benefit Not Counted Toward Eligibility: Like MassHealth, HSN will not count as income the additional \$600 per week payment (authorized by the CARES Act) to recipients of unemployment insurance. All other unemployment benefits do count as income.</p>	<p>The additional \$600 per week is payable March 29 – July 25, 2020</p>	<ul style="list-style-type: none"> • HSN rules apply the same income counting rules as MassHealth (130 CMR 613.04)

¹⁰ For individuals who received a HSN presumptive eligibility determination during the state emergency and before June 30, 2020, their coverage will continue until July 31, 2020, at which point they must submit a full application if they want to continue coverage. For those who received a HSN presumptive eligibility determination on or after June 30, 2020, the normal termination rules apply.

CHANGE	EFFECTIVE DATE ²	SOURCE
<p>IRS Recovery Rebate Will Not Affect Eligibility: Like MassHealth, HSN will not count the one-time stimulus rebate from the IRS (authorized by the CARES Act) as income and for 12 months after receipt, it won't be counted as an asset.</p>	<p>The rebates are payable in advance through December 31, 2020, or when 2020 taxes are filed</p>	<ul style="list-style-type: none"> • HSN rules apply the same income counting rules as MassHealth (130 CMR 613.04) • 26 USC 6409
<p>HEALTH SAFETY NET: ACCESS TO SERVICES</p>		
<p>Telehealth Flexibilities: HSN will cover telehealth services. HSN patients may also access immediate telehealth services through the following providers: Galileo, Maven, or Doctor on Demand, which have been made available to MassHealth members.</p>	<p>March 12 – at least December 31, 2020</p>	<ul style="list-style-type: none"> • EOHHS Administrative Bulletin: 20-76 (superseding 20-09)
<p>90-Day Prescription Drug Supply: HSN patients can get up to a 90-day supply of most prescription drugs.</p>	<p>March 14 – end of MA state emergency</p>	<ul style="list-style-type: none"> • EOHHS Administrative Bulletin: 20-76 (superseding 20-09)
<p>Early Prescription Drug Refills: HSN patients could get early refills of existing prescriptions so long as at least one refill remained on the prescription. This flexibility ended in July.</p>	<p>March 14 – July 15, 2020</p>	<ul style="list-style-type: none"> • EOHHS Administrative Bulletin: 20-76 (superseding 20-09)
<p>Generic Albuterol Inhalers Covered: In addition to covering albuterol inhaler prescriptions for the brand name ProAir, HSN temporarily covered any generic equivalent of ProAir. Prompted by the COVID-19 public health emergency, these policy changes are intended to promote continued access to health insurance coverage and health care services. Together, they demonstrate a strong commitment to adjusting the state’s health safety net system in an effort to be responsive to the needs of consumers during a particularly challenging time. It will be important to both monitor the status of these and other policy and program changes as this public health emergency unfolds, and to ensure Massachusetts’ most vulnerable residents receive the health care services they need.
